CHAUTAUQUA NEXT WEEK.

Children to Be Given Grand Time, Too.

"It's better than a circus" so said a twelve-year-old boy from Mt. Morris, N. Y., who gave up going to two circuses as he preferred to attend the chautauqua. Junior week will be just brimful of fun and entertainment for all the boys and girls.

A special feature will be the free play festival at 7 p. m. on the chautauqua grounds the night preceding the first day of the chautauqua, July 25. This will be held on the playgrounds at the school building, to which all the children are invited. There are games for the grown-ups, too, so everyone in town should enjoy the fun. The regular chautauqua play leader, Miss Nell Baker, will be in charge during the week and will be assisted by the local play leader, Mrs. Lillian Doe Woodbury.

A special program of games, races, stunts and story-telling, besides a hike, a parade, and picnic, is arranged throughout the week. The play hours are in the morning and evening with the story hour in the afternoon. An all-round good rollicking time is assured to those who attend.

In order to make the price within the reach of all, the junior ticket is only 75 cents which not only admits the children to all the junior chautauqua programs but also to the regular performance of afternoon and evening, so that the average cost of admissions throughout the week is only five cents.

The purpose of the junior chautauqua is to stimulate interest in organized play and athletic games, as it is recognized that organization along any line of activity will produce happier and more efficient results. This holds true with play, and the educational leaders of the country are now seeing the need of instituting play ground and physical training in the public schools.

Remember the Free Play Festival Night, July 25, and Tell Your Friends about It.

The meeting of the heads of the different organizations in the village, held in the chapel on Tuesday evening, was well attended. The object of the meeting was to pledge in behalf of the societies a sum of money for the Y. M. C. A. work among our boys at the camps and at the front. Arthur Austin was elected treasurer of the fund. Nearly every organization pledged something and those who did not will do so at an early date as soon as the amount can be settled upon. The youngest organization to give was the Girl's Patriotic club which pledged \$2.

STRAIGHTENED HIM UP

Solomon Bequette, Flat River Mo., writes: "Two years ago I was down on my back till I could hardly go. Foley Kidney Pills straightened me right up. I recommend them to all who have kidney trouble. Rheumatic pains, aching joints, sore and swollen muscles indicate that the kidneys are not properly filtering impurities from the blood. Foley Kidney Pills get right at the trouble and give prompt relief. Painful urination, sleeplessness, bladder trouble, also yield quickly to their tonic healing action. Fred D. Pierce, Barton; G. H. Hunt, Evansville."

MOTHERS' TALK.

(Continued from page one).

And then that child leaves the home for school and these questions which have arisen in the child's mind are there and there to stay until satisfactorily answered. Some schoolmate is only too eager to prefer the desired information, but just WHAT do they impart and HOW do they impart it?

So we see that almost in the first year of school life the minds of our little ones are filled with impure information and as there is nothing so attractive to a child's mind as a secret, so we see little groups of children collected in quiet groups to discuss and dwell upon these mysteries of the adult world. All unknowingly the child mind becomes so changed and the wonderful, beautiful story of life is looked upon by the child as tainted and evil. We then become aroused over our children and wonder what we can do to protect them. May I repeat—prevention is better than cure, and nurture wiser than rescue.

Let us prepare ourselves to answer these questions for our children and so retain their confidence.

It is our duty to give them a protection which they can take with them wherever they go and the best protection for every child is knowledge that his mother—the woman who represents to him the source of all wisdom—has already made plain to him the story of life and that her information is the absolute truth.

The most important reason of all for making plain to a child the facts of life is that in doing so it helps a child to understand himself, his relation to his parents, and to future generations.

Because of the lack of instruction along this line we find that human beings have for so many generations followed their impulses in these matters instead of living a life of self-control. In this country each year over 770,000 boys enter their 16th year, but we learn that 450,000 or almost two-thirds of this number are doomed to become victims of two of the most terrible diseases known to the human race.

Eighty per cent of all diseases peculiar to women are traceable to these terrible diseases so we see how ignorance of the facts of life has much to do with this sad condition of affairs and in many instances the evil was begun in the early years of childhood.

Am I willing and are you willing to do our bit to remedy this terrible evil?

Mrs. C. C. Claris.

KEEP FIT AND FEEL FINE

Foley Cathartic Tablets are a wholesome physic that thoroughly cleanse the bowels, sweeten the stomach and arouse the liver. For indigestion, biliousness, bad breath, bloating gas or constipation no remedy is more highly recommended. Sluggish bowels are the direct cause of many ills and the indirect cause of many more. Undigested food poisons the whole system. Don't be careless. See that your bowels are regular. Keep fit. Then you will feel fine. Fred D. Pierce, Barton; G. H. Hunt, Evansville.
